

A Sovereign Network of Living Co-Owners

NATIONS TOTUIM

Welcome to The Living Nation. This is not a country on a map defined by borders drawn in ink.
It is a physical organization consisting solely of living bodies and conscious minds.

The Illusion of the “Folkhemmet”

77%

Tax Pressure

We live under “Nice Slavery.”

The current state system operates on borrowed life capital and supra-statutory fraud. You do not own the State; the State claims ownership of you.

3,000 years of oppression is enough.

The Core Inversion

OLD SYSTEM:
The State owns
the People.

LIVING NATION:
The Co-Owners
own the Nation.

The Living Nation is a physical network. It exists only through the validated agreement of its Co-Owners. If you create it, you own it. We are building a reality based on biological substance, not paper fictions.

The Roots: Natural Law

The Moral Sense of Right and Wrong

- **Non-Harm:** Do not harm people, property, or nature.

- **The Golden Rule:** Do unto others as you would have them do unto you.

- **Sovereignty:** No single individual can make decisions that apply to another individual without consent.

We do not rely on millions of pages of statutes.
We rely on the inherent moral compass of the human being.

You Are The Sovereign

Own Your
Body 100%

Own Your Mind
& Consciousness

Own Your Effects
& Creations

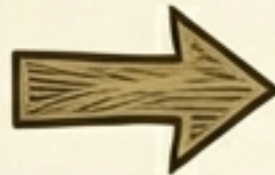

Rights are not given by a government; they are inherent to your existence as a biological being. In the Living Nation, you act under your own liability and responsibility.

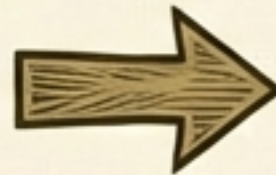

Bio-Mimicry: Organized by Nature

The Living
Nation

Nature does not use centralized bureaucracies. It uses Shoals, Flocks, and Herds. The Living Nation operates as a physical organization of direct participation.

The Roots Support the Leaves

The Leaves (Co-Owners):
Hold the Voting Power.

The Branches:
Coordination.

The Trunk:
Structural Support.

The Roots:
Fundamental Principles.

LEVANDE NATIONEN

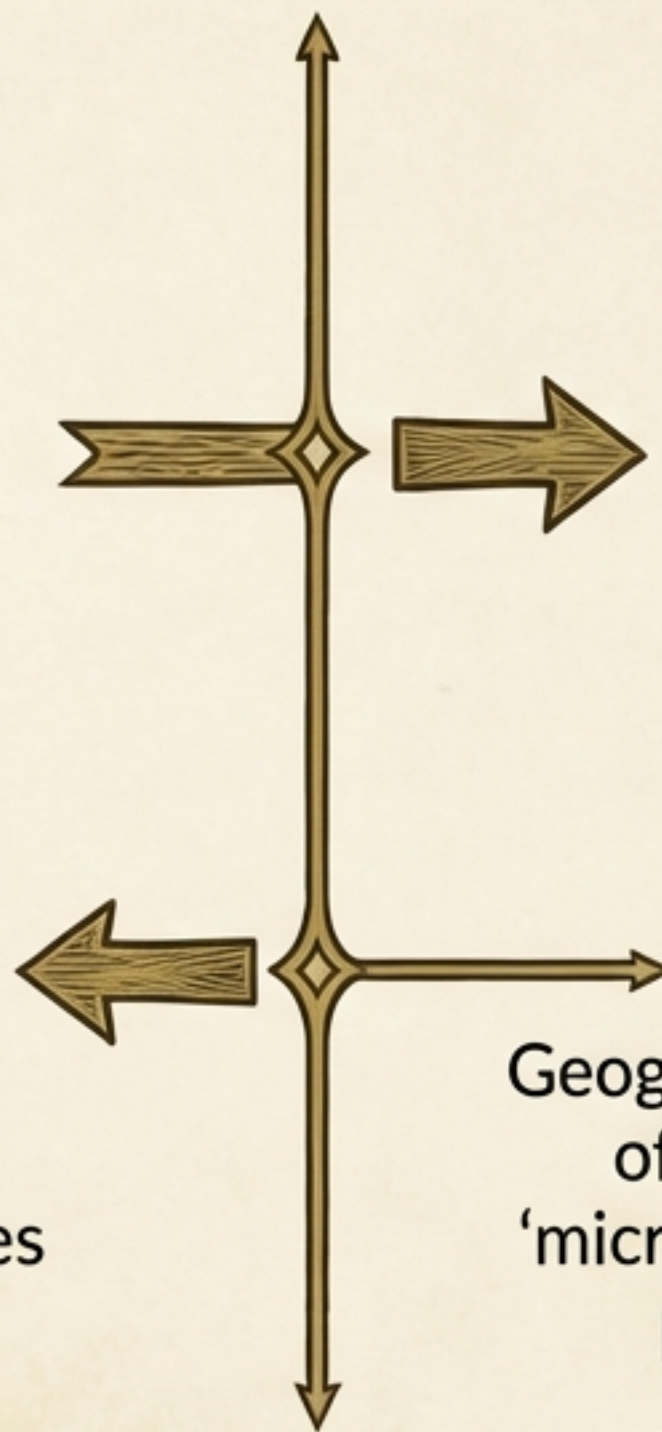

The hierarchy is designed to support the individual, not rule over them.
Voting rights exist at the level of the 'Leaf' (the Co-Owner).

Nests & Sovereign Units

The Nest

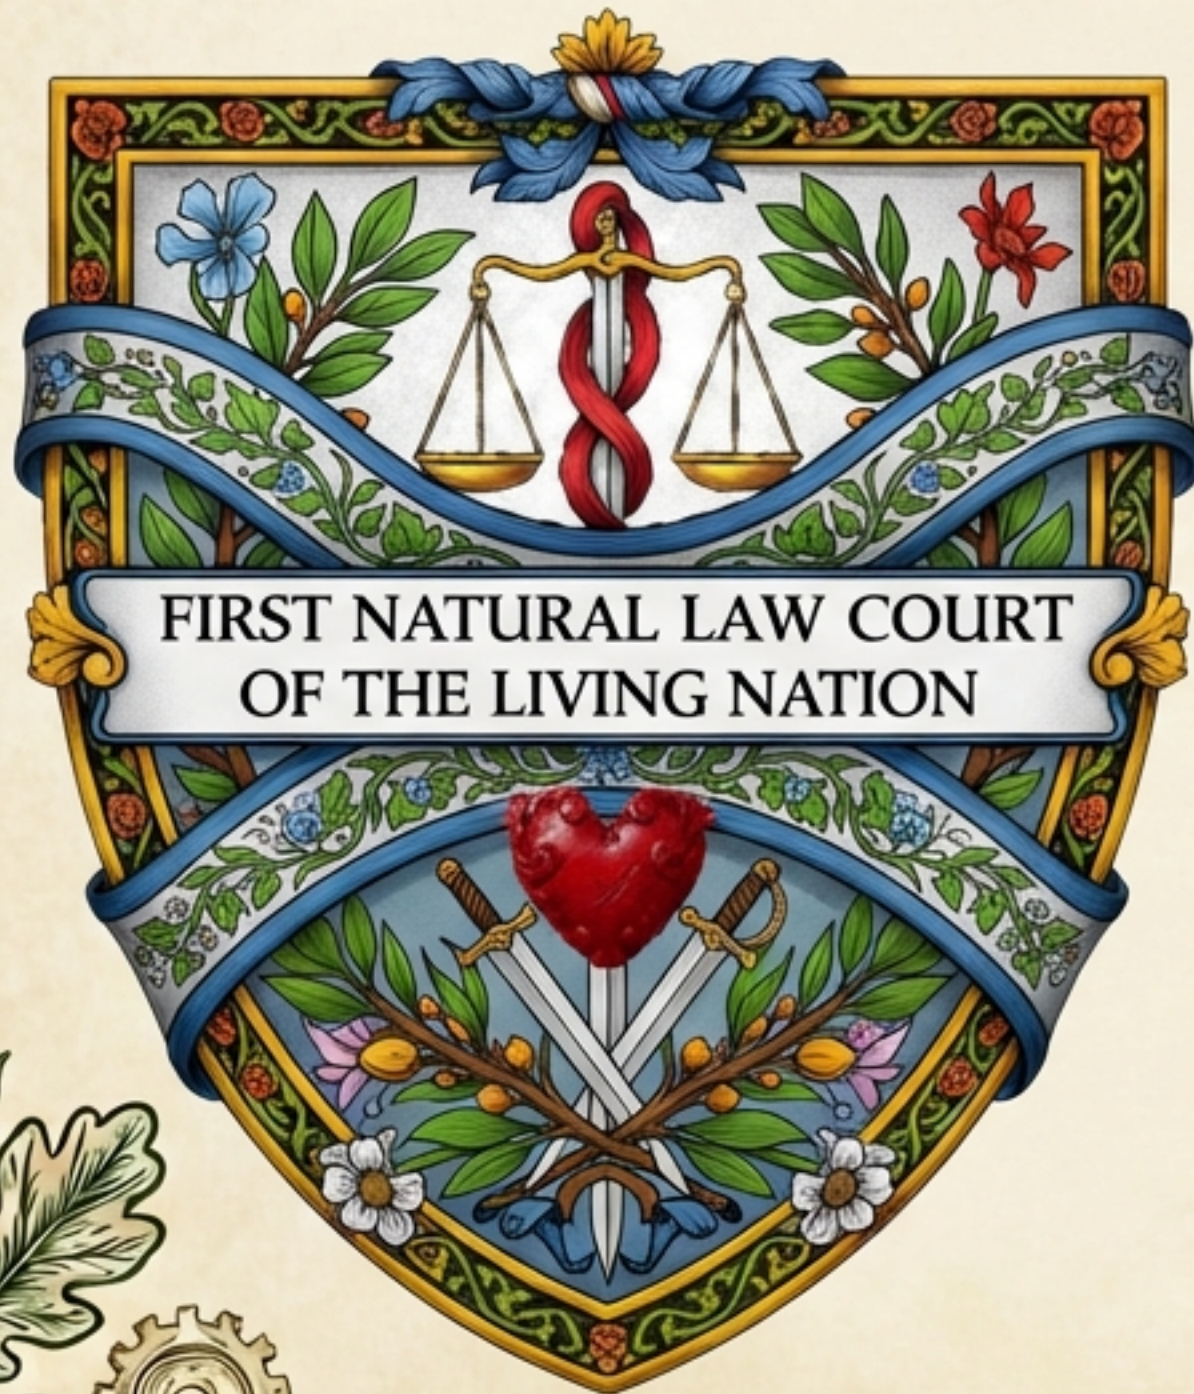

Familial units or business partnerships. Defined by internal agreements on roles and rights. Recognized instantly by the Nation.

Sovereign Units

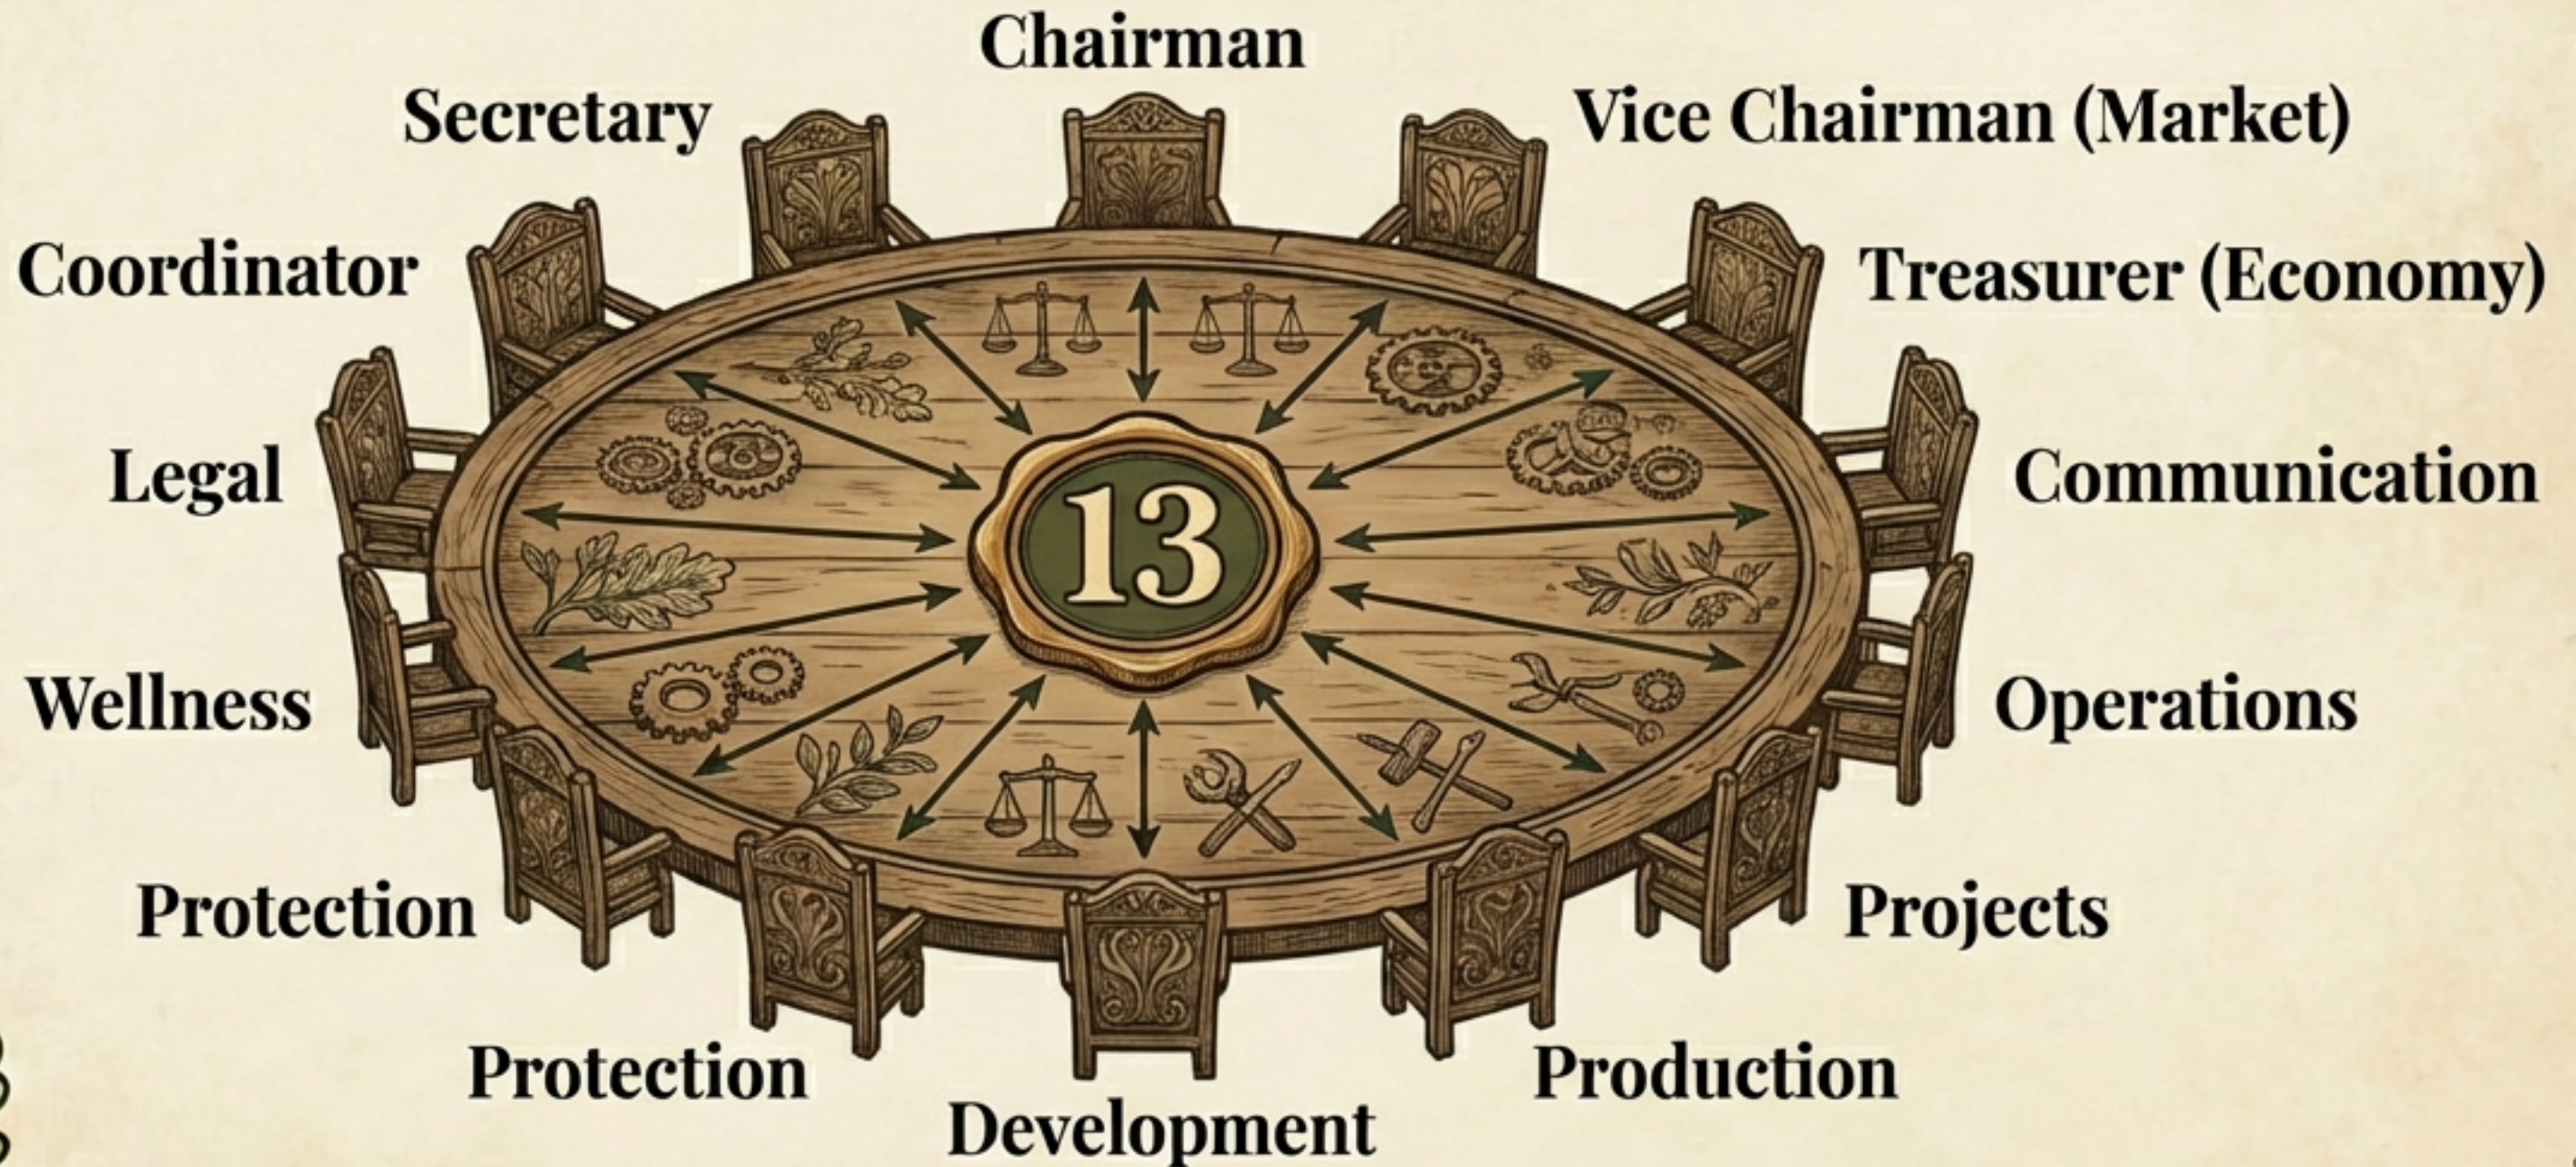

Geographically or culturally aligned groups of Co-Owners. They form their own 'micro-nations' with their own jury courts, provided they adhere to the root principles of Non-Harm.

JuryKрати: Governance Without Politicians

- ➔ **No Rulers:** We do not elect leaders to rule us. We select Juries to solve problems.
- ➔ **Open Voting:** Co-owners vote openly for those they trust.
- ➔ **Fluid Leadership:** The most trusted individuals form the Jury for specific tasks.
- ➔ **Unanimous Verdicts:** Decisions must be agreed upon by all jurors.

The 13 Seats of Administration

This is not a board of directors. It is a functional Jury Court assigned to maintain the infrastructure of the Nation. Roles are functional, not authoritative.

Restorative Justice

Old World Justice

- Punitive
- Fines paid to the State
- Prison and Punishment
- Debt to Society

Living Nation Justice

- Restorative
- Fix the Harm
- Compensate the Victim
- Restore Balance

Acquittal is achieved when the responsible party has completed their assigned task or provided full compensation.

The Living Key: Your Sovereign ID

Linked to your
Biological Body

You Control
the Data

3 Hex Codes:
Life, Secret, Open

You are your own account. To this key, you add
names, sigils, properties, and agreements.
The Nation is the registry, not the surveillance agent.

Real Value, Real Assets

Pantbrev (Asset Protection):

You can take out liens on your own valuable assets and place them within the Living Nation. This secures your assets in 'Living Capacity,' protecting them from external state confiscation or taxation.

Credit Based on Human Value

Co-Ownership = Credit:

Standing as a co-owner creates creditworthiness.

Internal Liquidity:

Access to the discount credit system.

Right to Business:

The absolute right to offer any service or product (Non-Harm principle applying).

Right to Service:

Proven excellence entitles you to perform tasks for the Nation.

Colonies & Land Rights

Co-owners can attach ownership of land to the Nation. This land becomes a '**Colony**'—a sovereign territory under the protection of the Living Nation Constitution.

"Each individual primarily owns their land rights in the place and culture where they were born." (§4)

Co-Owners Contract of the Living Nation

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Aenean neque nunc, quam deamus artem uero conuenienter meminit. Sed non, ut nudi nulla vocatur. Et volente siue et voluptatem laboris nisi et aliquip ex a commodo suum, liam nec commodum consequat. Duis sicut penitus inuicinas dignissime su-

Declaration of Intent:
An actual desire to join.

Sound Mind: Entering with full consciousness.

Substance: You enter with your living body and mind.

The Living Nation guarantees your rights as a sovereign individual.

The Power of Three Witnesses

No digital ID is valid without human verification. Three existing **Co-Owners** (or approving parties) must unanimously assess that:

- 1. You are who you claim to be.
- 2. You are of sound mind.
- 3. You are a living human being.

Protection of the Flock

Malicious Acts & Exclusion

If a Co-Owner acts maliciously, they receive three warnings. Continued violation leads to a Jury Court verdict and potential exclusion.

Voluntary Exit: You are free to leave the Living Nation at any time, but you cannot claim shared resources upon exit.

Claim Your Status

- 🌿 Liberate yourself.
- 🌿 Live the life you have a right to.
- 🌿 Join the Flock.
- 🌿 Become a Co-Owner.
