Verse 1

Sång

I was a stranger in my own soul walking the roads that others had laid But
in the midst of the dark shone a light a voice that said you are mine you are free

Chorus

I own myself for God has given me the right to stand as who I am in truth
and faith And Jesus opens the way He saves my soul for eternal life in Heaven in
Him I find rest Hallelujah hallelujah I am free

Verse 2

They tried to shape me silence my voice but the Lord wrote my
name in His hand From dust and shadow I rose again a beloved child in His light I stand

Bridge

Chorus (final, in G)
